

Nevada State Health Division Technical Bulletin

Topic: Senate Bill 190 (2011 Legislative Session)

Section/Program/Contact: Bureau of Health Care Quality and Compliance/Health Facilities/Paul Shubert

Date: August 2011

TO: HEALTH CARE PROVIDERS AND THE PUBLIC

This technical bulletin is being provided to assist in understanding of Senate Bill 190 (SB 190).

Bill Summary:

This bill provides for the licensure and regulation of music therapists. This bill makes it unlawful to practice music therapy or hold oneself out as a music therapist without a license. This bill makes the State Board of Health the licensing entity for music therapists and establishes the requirements and fee for licensure to practice as a music therapist. This bill allows the State Board of Health to establish a Music Therapy Advisory Group that serves without compensation to assist the Board in carrying out its duties. This bill establishes the grounds for disciplinary action against a music therapist and the procedures for addressing complaints. This bill adds music therapists to the definition of "provider of health care" as used in the chapter which addresses healing arts.
